Hi Mandy,

Yes, that is totally fine. I called Michelle when our office was looped in and left a message but she never got back to me. I just emailed her and asked for her to call me so we can discuss the issues she mentioned.

Thank you!

Good morning, Yvonne.
I recently joined the MOCHI street services team as the UHRC regional coordinator. Before Christmas, we received the below forwarded email from MOPS Dpty Mayor Gorell. We immediately sent LAHSA out to engage with the unhoused folks, and I went out yesterday to see it for myself. Though there weren't any encampments, I did notice the absence of any street lighting and street sweeping signage.
I know the lighting and street sweeping issues will need to be handled via BSS and BSL, but I wanted to let you know about this constituents concerns. I've spoken to her and she is a very nice lady and a pleasure to assist.
May I pass on your information to her? She and her neighbors, in addition to their desire for more lighting, are also hoping to make a positive impact on the unhoused folks they come across. Sounds like a great block of folks.
Please let me know if you've any questions and if you are okay with my passing on your information. If there's someone else, in your office, who may be better to assist with the constituents concerns, please forward their contact information.
Thank you and have a great weekend,
Mandy

CD 6 CARE Team October Deployment Plan

1 message

Mayor UHRC <uhrc@lacity.org> Fri, Sep 27, 2019 at 8:30 PM
To: Lorena Bernal <lorena.bernal@lacity.org>, Jonah Glickman <jonah.glickman@lacity.org>, Marcos Sanchez <marcos.sanchez@lacity.org>
Bcc: Brian Buchner <brian.buchner@lacity.org>, Margaret Wynne <margaret.wynne@lacity.org>

The Unified Homelessness Response Center is reaching out to share a suggested deployment calendar for your District's CARE (Cleaning and Rapid Engagement) Team for the 20 day deployment period in October. As discussed in this week's briefings for Council Offices, as we surge from 2 guaranteed service days a month per District to 20 guaranteed service days a month per District, the UHRC is providing a suggested calendar for your consideration and revision to support Council Offices in transitioning to expanded service days. This calendar was populated using CleanStat data on encampment locations collected in your District in the past quarter. The UHRC looks forward to your review and ensuring that every service slot meets your priorities.

Using the calendar

Your CARE team's suggested deployment plan is available here: CD6 October CARE Team Deployment Plan.

Your CARE team will be providing services 20 days a month in your District. For each day of that deployment cycle, the UHRC and LASAN have suggested six (6) service locations in the tracker linked above. If there are any locations listed that do not align with the priorities of your District, simply mark the check box next to the location to modify the service location. Please type in where you would prefer the team to visit instead. If the location listed aligns with the needs of your office, simply leave the review columns blank and the UHRC will proceed with those listed locations.

In order to ensure a smooth roll out next week, we are requesting Council Office feedback by mid-day Monday on these plans. As discussed in briefings this week, moving forward the UHRC will work with each Council Office to ensure a longer review process on these deployment calendars, but we want to ensure that we hit the ground running on October 1st.

Contingency days

As we discussed in this weeks briefings for Council Offices, in order to ensure that last minute schedule changes don't disrupt the calendar, the UHRC has held open three service slots per week so that as last minute needs arise, they can be easily addressed. You will see these service slots listed as "Contingency" on Mondays, Wednesdays, and Fridays. Please note that to ensure that no service opportunities are missed during the first week of deployment, contingency service times begin on Week 2 of the calendar. If this cadence of contingency days does not align with your Office's needs, please mark the checkbox next to these locations and annotate where you would like to send your CARE team instead.

As contingencies arise or scheduling changes, please email UHRC@lacity.org to let us know where you need your CARE team to go, and we will work to coordinate the inter-agency supports needed.

November deployment priorities

Because the UHRC will quickly pivot to developing a suggested November deployment category for your Council District, the last tab in this tracker includes a quick form for you to fill out with your chronic priority locations. This will help the UHRC best reflect your preferences in the next draft deployment calendar.

Meeting your field team

We've heard from a number of Council Offices that they would like to meet with their new CARE team. If you would like to meet your new CARE team, we recommend annotating one of your contingency time

slots in the deployment calendar as "Council Office Visit." Please note where it would be most convenient to meet your team.

UHRC POC
If you have not yes designated a POC for your office to the UHRC, please respond to this email to let our team know who the right point of contact will be for your team moving forward.

Contact the UHRC
As always, the UHRC is here to support Council Offices with any needs related to homeless encampments or residents experiencing homelessness. Our business hours are 6am - 5pm Monday - Friday, and we can be reached on our mainline at 213-484-4855 or at UHRC@lacity.org.

We look forward to coordinating with you!

CD6 question on CARE+ OT

Hi team,

We got a question today from CD6 about whether or not they could pay for a CARE+ OT detail. I know we've done OT details in CD3 and 12 for CARE. We need to report back to them by mid-week next week on what the costs would be for a CARE+ OT detail 5 days per week.

Domingo, Paul, Yasir, and Victor -- could the four of you please sidebar on what this program model could look like and what a realistic cost estimate would be for this program? If we could get this back from the team by Wednesday or Thursday, that would be a big help.

Thanks so much,
Jamie

More info is required for a cost estimate on overtime for SAN CARE+ staff. Please provide the amount of overtime hours requested per day.

LASAN cost estimate will include salaries, tipping fees, and contractual service cost. I can provide this to you by Tuesday morning once you provide the estimated amount of daily overtime requested by CD6.

We have done this over the past several years with multiple CDs and this will not be an issue for LASAN to accommodate this request for CD6.

Hi CD2 colleagues,

Happy Friday. Wanted to get your feedback on how day 1 of the pilot went. I also wanted to check in to see how you want to get data entered into the tracker that Hannah put together. I'm happy to share it with the right department staff with an instruction to have it completed by EOD Friday of each week. Thoughts?

Thanks!

Thanks for checking in, Jamie. If you could share the tracker with the appropriate department staff and have it completed weekly on Fridays by EOD that would be great, beginning with today.

I wasn't at the start of the pilot, so I'll leave that to Lorriane and Morgan.

Hi SAN, PD, DOT, and LAHSA colleagues,

The UHRC and CD2 are working to collect metrics weekly on the performance of the RV pilot team. **Our ask is that your department use this RV Pilot Metric Tracker to report the data relevant to your agency by the close of business each Friday.**

Starting today, please ensure that the data assigned to your department to report on is completed in the appropriate tab.

Please let us know if you have any questions or feedback on improving this reporting system.

Thanks!

Good morning UHRC and CARE Team Members,

Happy New Year! Hope you all had some time to rest and enjoy family as we enter this new decade :D

Sara/Danie: Would our CARE Team be able to add this location (6700 Satsuma Ave, 91605) to their docket for today? (photos attached)
- I will be sure it's scheduled for CARE+, as it's a large location, but if the team can get there today for anything in the public ROW, that would be great.

Thank you!

Please send clean up we have requested for sanitation to clean but it has taken a long time. Since we had our holiday off this has exploded to this big huge mess. People are hanging out doing drugs in front of everyone that passes even our children get to see this. Thank you hope you can do something. We do understand that this is temporary fix. Because they come and do the same mess the following week, it's a battle that We will not give up. We have been fighting for three years to have this problem fix so no we will

not give up. Thank you have a great day hope you can help once again

Afternoon Morgan,

Happy New Year to you too! I just contacted the team in the field and they are still at the #1 location for todays CARE TEAM (large encampment). If time permits- would you like them to address this as the #2 location for today? Please advise.....,

In the event the team is unable to address this site today, would you like us to add this as #1 for tomorrow?

As for tomorrow, the CARE team is in Foothill Division, and we're conducting an RV focused day.

I've scheduled this location for Friday as well, just in case

Thanks!

Good evening,

I wanted to update everyone on this request.

I have included some before and after photos of the work completed by the CARE CD2 crew today. They were able to gain compliance with the assistance of LAPD. Several bulky items and health hazards were removed from the public-right-of-way.

We are ready to provide further assistance on Friday to ensure LAMC 56.11 compliance is continuously met.

I hope this helps.

Thank you and Happy New Year to everyone!

Council Partners,

The UHRC is reaching out to share projected calendars for CARE+ locations for the next 20 day rotational period, which will run from December 23, 2019 through January 17, 2020.

Attached, please find projected calendars for the City-wide comprehensive, posted cleanups, as well as service schedules for Operations Healthy Streets, and service sites for the city's four (4) mobile hygiene units.

As you review these projected CARE+ locations, **please note that these sites should reflect the conversations between Council Districts and LASAN's Community Services Group about priority and chronic locations in each District**. If you do not see your priority sites adequately reflected, please reach out to your CSG liaison and we will adjust accordingly.

Please note that due to the Holidays during this 20 day rotational period, CARE program operations will not be completed on December 25th or January 1st, and the Unified Homelessness Response Center will be closed on these dates. Due to LAPD deployment around the holidays, all CARE program operations on December 24th and December 31st will be converted to spot cleaning or illegal dumping enforcement. If your Council District was scheduled for CARE+ operations on these dates, our team has moved your CARE+ service date to a different date this month to ensure that Council Districts do not lose a service date. Please don't hesitate to reach out to the UHRC with questions.

On behalf of our team, we hope you have a restful holiday season, and look forward to working with you in the New Year.

Thank you!
UHRC Team

Good morning Danielle,

Thank you for taking my call earlier!

Please see the attached photo of 14300 Hamlin St, 91405 (Van Nuys Elementary).

An RV was towed by the SLO for the area, and there is a huge amount of debris left behind following the tow.

Please let me know when the location is collected.

Thank you!

Good evening Morgan,

I wanted to update you on this request.

The ECIs, SOLIDS Truck driver and Maintenance Laborer arrived at 14300 Hamlin St, and found the items in the original photograph, located on the parking spot directly in front of it. Also, an individual was onsite claiming all those items belonged to him.

The ECIs worked with the individual to gain compliance by moving the personal property back onto the sidewalk. The individual understood the ECIs instructions of keeping compliance with LAMC 56.11, and organized the personal property with some 60 gallon bags.

The individual voluntarily gave-up any bulky items and health hazards identified by the ECIs. The parking spot was thus cleared of all personal property and the remaining items were left on the public-right-of-way with full compliance of LAMC 56.11.

It is my understanding that this location will be prioritized for tomorrow's CARE CD2 locations and LAHSA will be able to provide outreach and any services to the individual at this location.

I hope this helps and if you have any questions or concerns please let me know.

Good evening Morgan,

Here is an update for Hamlin St.

When the ECIs arrived to 14300 Hamlin St, they found the personal property of the individual still on the public-right-of way. The ECIs worked with LAHSA to help the individual downsize some of his personal property, by offering to store some of his personal belongings to limit the amount of personal property on the public-right-of-way.

Attached is a document with photographs, showing the initial amount of personal property on the sidewalk and the amount of personal property the ECIs were able to assist and take to storage for the individual to be able to pick-up before 90 days are expired.

I hope this helps.

Good afternoon All,

We have an increased situation at this underpass: **Lankershim Blvd at 134fwy (South of 4606 Lankershim Blvd, 91601)**.

Currently we have approximately 21 tents, HOPE advised the people that were in their tents to collapse tents during the hours of 6:00 a.m. and 9:00 p.m. and as you can see on the photo number 1 & 3 city trash cans are overflowing and pigeons are eating out of trash piles.

Our office, in addition to Council District 4, have been prioritizing this location consistently for CARE and CARE+ operations; however, the location has only grown in number of individuals and size of debris piles.

Council District 4 has this location prioritized for tomorrow's CARE deployment, but **both of our offices would like to find out how we can all better address the issues (especially sanitation and outreach) occurring at this location.**

I went to this location last week when our CARE Team was there, and the amount of HAZMAT items in the public right of way was unacceptable for a location that has high foot traffic daily by both districts' constituents.

Please advise.

Thank you,

Good morning all,

In addition to all the concerns Morgan has highlighted -- we've had a few taggings, one is of a swastika. We'd like for the cleanup crew to also remove/power wash the graffiti. Our non-profit who typically remove graffiti is not well suited for cleaning up in an area with the issues both our office and CD 4 have mentioned over the last two months.

Please make sure that the graffiti is removed.

Thank you,
Sahag

Hi Morgan and Sahag,

Thanks for reaching out. Would love to help coordinate a better response to this site. First of all, I think it could be fruitful for us to schedule CARE2 and CARE4 to visit this site at the same time maybe two days per week to see if a coordinated, larger footprint on site would be helpful. If this is of interest to both Council Offices, the UHRC team can help get it on the calendar.

In terms of the graffiti, if we were to provide a CARE+ operation at this site, would your non-profit partner feel comfortable coming in with the team to abate the graffiti once the area is open?

I am also adding in +Lindsay Saunders and +Victor Hinderliter from LAHSA. Victor and Lindsay, could you please reply back to this email chain to let us know what your coordinated outreach plan is for this area? Can we better engage non-profit partners to try to rapidly connect people at this site to services.

Thanks!
Jamie

Good morning everyone,

The LAHSA CARE2 outreach team reports that they began prioritizing this encampment in May, 2019. They confirmed a significant increase in size, from about 8 individuals at that time, to just over 20, now. Folks report that they have moved under the bridge to try to stay dry as the rains began this winter, and the team does notice the most new faces when it is cold and wet out. Many clients have been referred to interim housing, but availability of interim housing in the Valley remains scarce. Since May, the team has placed two clients into interim housing, but they have since returned to this underpass. The team has worked with clients on obtaining Birth Certificates and ID's, scheduling appointments for medical, mental health and substance use disorder services, and getting basic needs such as food, clothing and showers. However, they report that many clients need direct transportation support and reminders about appointments, so this has been an additional challenge.

We will work with our partners to see if we can increase supportive services to this location, but everyone up there is stretched pretty thin at the moment so I don't want to make any commitments until we can connect with them.

Thank you for your swift responses and help with this location.

I have scheduled **CARE+ for December 30th**, and we will coordinate with our graffiti contractor to address the tagging.

Alice: Can you let everyone know when CD4 will be scheduling this location for CARE+?

I'll be sure we follow up immediately with CARE response for this location on our end.

Thanks again!

Council Partners,

The UHRC is reaching out to share projected calendars for CARE+ locations for the next 20 day rotational period, which will run from December 23, 2019 through January 17, 2020.

Attached, please find projected calendars for the City-wide comprehensive, posted cleanups, as well as service schedules for Operations Healthy Streets, and service sites for the city's four (4) mobile hygiene units.

As you review these projected CARE+ locations, **please note that these sites should reflect the conversations between Council Districts and LASAN's Community Services Group about priority and chronic locations in each District**. If you do not see your priority sites adequately reflected, please reach out to your CSG liaison and we will adjust accordingly.

Please note that due to the Holidays during this 20 day rotational period, CARE program operations will not be completed on December 25th or January 1st, and the Unified Homelessness Response Center will be closed on these dates. Due to LAPD deployment around the holidays, all CARE program operations on December 24th and December 31st will be converted to spot cleaning or illegal dumping enforcement. If your Council District was scheduled for CARE+ operations on these dates, our team has moved your CARE+ service date to a different date this month to ensure that Council Districts do not lose a service date. Please don't hesitate to reach out to the UHRC with questions.

On behalf of our team, we hope you have a restful holiday season, and look forward to working with you in the New Year.

Thank you!
UHRC Team

Good afternoon Abraham and Oscar,

Hope you're both well this Tuesday!

We received the below photos of the alleyway adjacent to **11500 Emelita St, 91601**. I scheduled this location yesterday for CARE response. **What was the result after initial interactions?**

SR #1-1485262621

The main concern with this location is that it is an alleyway with high traffic, and according to LAMC 56.11, no items should obstruction any public thoroughfare. Cars cannot safely pass down this alleyway because of the encampment, which is an immediate safety concern for these individuals and for drivers.

Oscar/Abraham: I will continue to place this location on CARE response, but the individuals should be notified upon the next visit that they cannot store their items in this alleyway.

Feel free to call me if there are any concerns with addressing this location.

Thank you,

Homeless are using the empty lot to dump there trash. We spoke with the homeless and advised them regarding 56.11 LAMC and conducted outreach.

Good evening Morgan,

I wanted to update you on this location.

The CARE CD2 arrived to the location and due to safety reasons, worked with the unhoused residents to not block the alley. With LAPD assistance, the unhoused residence complied and moved out of the alley.

Below are attached before and after pictures documenting the CARE operation that took place in the alley of **11500 Emelita St, 91601.**

I hope this helps, and let me know if you have any other questions.

Jamie and all, good morning. CD2 has a long-standing internal homelessness meeting on Tuesday morning with the Councilman and we need to have all hands available at that discussion. Would it be possible to do this at the same time on Wednesday morning next week instead?

Jamie, unfortunately, it's a lack of concurrent time for all of us on our end, so the dial in isn't necessarily a solution to that problem.

If we can do 4pm Tuesday, that would be our first preference. Barring that, we'll make 9am Thursday work for sure.

Thanks for your help!

Good morning,

I hope everyone is well! I am messaging regarding a longstanding homeless encampment that was scheduled for service yesterday. **I wanted to confirm that it was serviced and cleane and confirm whether the encampment was on city or county property.** My estimation as well as the LAPD is that it's on county.

Below is an email the constituent Elaine sent on November. I appreciate your help!

Hello Jessica and Moses

A couple, man and woman, has created a shelter in the bushes on north Valleyheart Drive across the street from 12055 Valleyheart [between Agnes and Ben]. The shelter and trash is gr springs along the street and a lot of trash on the river side.

A neighbor who lives in the bldg at the NE corner of Laurel and Valleyheart believes these are the same folks who were living at Laurel/VHeart when there was a fire about two weeks ago several fire trucks]. Two sets of neighbors report hearing the couple yelling/screaming and are concerned about the safety of the woman. An attempt to have a conversation with the man

We think the man may be Eric Campbell. Amongst the trash in the street was a LAPD notice to appear #B14296.

I filled out a LAHSA form last week. What else can be done to get them shelter, protect the woman, and eliminate a potential fire hazard?

Thanks much, Elaine Loring 818.481.7161

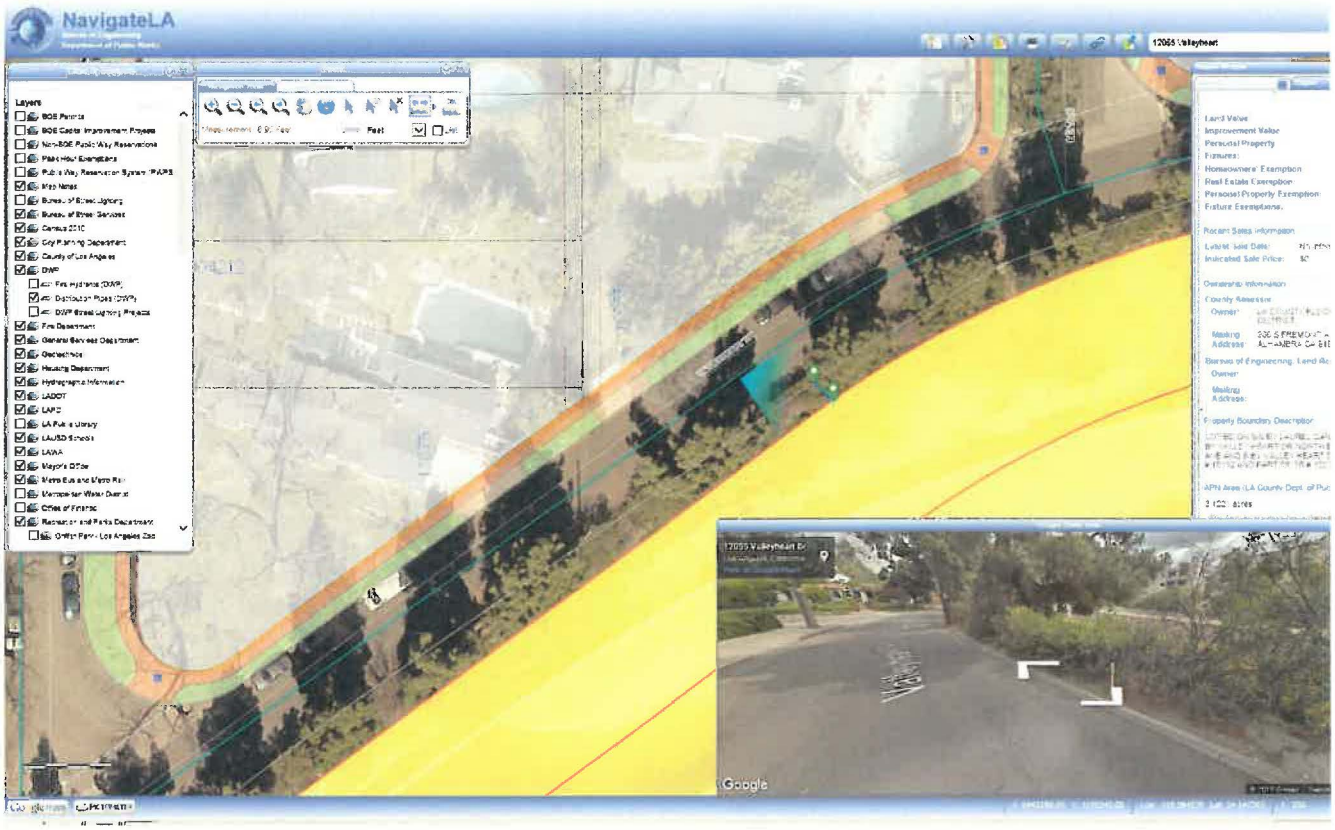
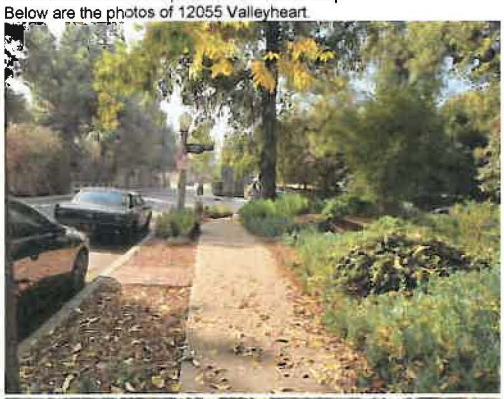
Hi All,

Jurisdiction research from Navigate LA:
Yellow highlight - private property parcels owned by LA County Flood Control, color areas are public right-of-way, orange and green areas are sidewalk / parkways. Note that the City's put way areas also includes the bush areas approximately 9 feet from the curb of the street. PDF map also attached.



11/14/19 CARE 2 Team response to 12055 Valleyheart between Ben and Agnes. Upon arrival, no HEs or trash/debris was seen on the public right of way. Recommend to identify the exa of the homeless encampment on an aerial map.
Below are the photos of 12055 Valleyheart.



Regards,

Good afternoon!

Just want to make sure that **11/18 will have 6099 Laurel Canyon Blvd, 91606** scheduled for CARE+ services.

If you need an additional location for that day, I would say:

Lankershim Blvd at Erwin St, 91601 (Google SNIP highlighted and attached)

Please confirm when the change of locations has been listed for our next CARE+ day.

Thank you!

Hey Jamie,

Hope you and UHRC Teams are doing well following fires last week!

Our office did not get a Van Nuys Division coverage day for November. While we do not have many areas in CD2 Van Nuys with chronic encampment locations, there are locations like the one attached that will be neglected due to this lack of scheduling within that division.

Can you please ensure the below location is scheduled to be addressed by the Van Nuys CARE Team?

Please ensure that we receive a Van Nuy Division covered day at least once for the month of December.

Thank you!

Hey CARE Team Leaders,

Hope you're well this week!

Would you mind providing updates for the encampments at this location (photo attached)?

14047 Vanowen St, 91405

I believe it was scheduled for today, but since UHRC changed the format for location reporting, I'm not sure if it was Van Nuys Division coverage day.

Feel free to give me a call.

Thanks!

Hello CD2 colleagues,

The Unified Homelessness Response Center is reaching out to share a suggested deployment calendar for your District's CARE (Cleaning and Rapid Engagement) Team for the 20 day deployment period from October 28th - November 22nd, 2019.

Improvements to the CARE deployment process
The UHRC has received very helpful feedback from Council Offices about how to strengthen the CARE scheduling process. We'd like to thank our Council partners who have taken time this week to share insights with our team about how to strengthen our collaboration Council Offices, and we'd like to share a few of the system enhancements being introduced this month in response to your feedback.

New CARE calendar system. In response to Council feedback, the CARE calendar system has been upgraded to a web map that visually displays the locations that your CARE team will visit for each day of the month. This system will also allow you to view open 311 tickets in the District that can be addressed by the CARE team. To request different service locations, Council Offices may drop new pins directly onto the map. Detailed instructions about how to use this system are attached and below.

Visibility into field operations. We've heard from Council Offices that greater visibility is needed into what locations your CARE team visits each day. In response to that feedback, your CARE team's web map will update in near real time as teams in the field report that they have finished servicing a location. In the coming weeks, we will work to further enhance this feature by providing before and after photos in the web app of what the team accomplishes at each site.

Addressing all police divisions in the District. Council Offices provided the UHRC with feedback that the rotation of CARE teams through the Police Divisions within each District needs to ensure that all regions of the District receive the appropriate level of coverage. To address this issue, we are providing a 20 day rotational chart that shows the specific days of the month that the CARE team will be in each Division in your District. We've worked to incorporate your feedback about spending the right amount of time in each Division, but if further refinement is needed, please reach out to the UHRC and we will work to make additional changes to this plan.

Addressing CD priority locations. To ensure that the priority locations you provided to the UHRC are addressed in the next deployment period, we have worked to make sure that your most chronic locations are listed as the first service location throughout the month to ensure that these sites are serviced. In the attached deployment rotational chart, you'll see your priority CARE locations listed as the top priority site for the teams for each day in the deployment calendar. If you would like to change the frequency that these chronic locations are visited, please reach out to the UHRC and we will work to make that change with you.

Number of service locations. In October, we projected that CARE teams could complete six (6) service

Hello CD2 colleagues,

In follow up to the meeting we had last Friday, I am forwarding the link to CD2's CARE deployment web map so that the whole team has it.

Thank you!
Jamie

Good afternoon,

Please see the attached photos of **San Fernando Road, between Sunland Blvd and Claybeck Ave**.

This is under LAPD Foothill Division, which we do not have scheduled for coverage this week, and did not have scheduled for the past 3 weeks. The photos show the current situation.

Please ensure the CARE team scheduled with LAPD Foothill Division coverage this week is sent to this area,
or that our CD2 CARE Team can receive necessary coverage this week.

In addition, I have requested Foothill Division coverage at least once per week for CD2 CARE Team for November deployment, to prevent these issues for the future.

Best,

Hi Larry,

The police did not implement a red-yellow-green parking for people who live in their vehicles. We were merely given a revised section of the Los Angeles Municipal Code (85.01) to work with. The consequences of this section is minimal and not criminal but if possible the citation is issued.

The green zones are subject to any parking violations if committed, such as parking over 72 hours and expired registration. Both those violations can be enforced by Department of Transportation and police, which we do. These particular sections are being challenge to be completely wiped off the books as enforceable if Assembly Bill 516 is passed.

A permanent remedy would be great, but that would have to be done through your elected representatives of all facets of government.

Police can only enforce what is given to them and right now more and more consequences for laws are being downgraded or completely taken away.

I will continue to assist in any way allowed.

Esther,

We here at (Penguin Pump) 7932 Ajay are in full agreement with each of our boarding neighbor that the situation on San Fernando is well out of hand and needs immediate and permanent remedy.

We recently had a visit from one of our suppliers from Italy, who after viewing our surrounding area of operation is contemplating rescinding our agreement rather than having their products associated with such disgusting conditions.

This has to come to an end.

Sincerely,

Larry Frederick, C.O.O.

Thank you Vahe for taking the photos and forwarding them.

Esther, when will the RV's be removed from Ajay? This is unacceptable they have been here this long. Please help.

Mr. Krekorian, this situation in our neighborhood is unacceptable. I pay property taxes plus the absurd L A City business tax for the privilege of having my building in this area that is now a dump. In 2 weeks the voters will probably decide to raise my property taxes another $2656.00 and I don't even get a vote. Is it just pay pay pay and accept the slum this area is becoming? The lease to my tenants comes up for renewal soon and I am very concerned they will ask for a reduction or leave. Would you choose to have your business, your employees, your customers deal with this every day? Can we call you to pick up the human feces from the planters?

The sales tax increase to address homelessness has done nothing,. I hear grand plans to build beautiful buildings to offer the homeless dignity but it costs way too much and will take way too long. Why would anyone work their tail off to survive if you can sit around, do drugs and get free

Housing. The city council needs to propose solutions that work and don't draw in thousands more.

Extremely frustrated

Good Afternoon Esther,

Hope all is well!

Can you send someone to get rid of these RV's from Ajay? AJAY IS RED!

They are using our power and making a big mess on the street.

Can you tell me who we should call?

There is also a warning " Be aware of Dog inside" sign on the door. It's really unsafe!

Thanks,

Hi Esther,

- Please reply emails to all the tenants.
- Why can't the city tow or give citation to 30+ RV's that are clearly parked on "no overnight parking" alongside San Fernando rail tracks?
- Why cant you tow the RV's on AJAY, if AJAY is a red zone?
- The bill is ridiculous and so is the State of California. Democrats have turned this state upside down.

Some one needs to get seriously hurt before any action is taken!

Thanks,

Hi Vahe,

I have attached an assembly bill that is making its way through the state of California.

Basically the bill, AB516, will not allow officers to tow for:

Unregistered vehicles (over 6 months and a day)

Parked over 72 hours

Issued 5 or more citations

Therefore if this bill passes, there will be no tow consequences for any of these violations, and because we won't be able to tow the violator, so you can count on many many more motorhomes.

It appears that the city council of Los Angeles is opposed, but this is a state bill. Therefore the bill rests on the Assembly Office, the Senate, and then the Governor.

You can check with the Assembly Office in your area to see how they voted.

Feel free to voice your concerns, if any, to your proper elected official.

I will do my best to have them moved or towed based on the ability to do so.

Esther

Hello Ms. Diaz,
Can you send someone to remove these disgusting RV's out of Ajay (redzone/Ajay)?
We really need to know what actions have taken to remove these RV's out of our business area.
Has anything been done?
How long more will this issue be ignored?
I am sure if your business was here, you would be more proactive.

Hello Officer Vasquez,
Please move these RV's out of Ajay.

Thanks,
Vahe

Importance: High

Good afternoon, Officer Vasquez and Ms. Diaz.

The investigative report is attached for the vandalism of the sprinkler system. This is the incident that we discussed earlier this week where the homeless people broke three of the sprinkler heads to get water. The water is turned off to the sprinkler system and will not be turned back on until this issue is resolved. Officer Muro and Officer Freire took the investigative report (#190426006968). We indicated to the police that there is a witness to the vandalism. This is Julie that Officer Ellis knows. I do not believe these officers attempted to speak to her.

In addition to the RV that is parked on Wheatland at San Fernando Rd, another immediate concern is the RV that is immediately to the right of the driveway and the trailer that is third down from the driveway. There is liquid under these two vehicles and insects swarming around. My property manager reported being bit insects yesterday. We are willing to power-wash the sidewalk but have no control over the sanitation issue that exists under these two vehicles. We are getting more and more into a health crisis at this point. I have submitted a formal report to my company regarding the insect bites. The conditions on the public street and sidewalk in front of this property are simply unacceptable.

I have attached pics of the trash that has accumulated on the street in front of our property in the last 10 days.

Officer Vasquez, I appreciate the dialogue we have going regarding this matter and understand and appreciate the magnitude of the issues you are dealing with in Sun Valley alone! Ms. Diaz, I have not heard back from you regarding the time limit parking application and my request for a meeting with Representative Krekorian.

Thanks, in advance for your help!

Hi Morgan,

Just wanted to circle back on this note to thank you for the way your team input these sites into the web map for the team. The way you have it scheduled is very clear, so thanks so much for your quick mastery of the new system.

Thanks!

Thank you and the UHRC coordinating team for getting this map plotted so efficiently. I'll keep it as up to date as possible for CARE.

Good luck this week!

Good afternoon UHRC,

Please find within the CD 2 - CARE Team October Deployment Calendar the **"November Deployment Priorities"** tab is complete.

FYI - I have asked for Foothill Division coverage at least once per week, and Van Nuys Division coverage at least once per month. We have locations that are chronic in both.

Thank you!

Good morning CARE Team Leaders,

I hope you're staying safe and well in CD2 this week!

I would like to have a quick check-in with the CD2 CARE Team next week, as we are almost 2 weeks into the new CARE system.

I've placed our **field office as a "Contingency" location for Wednesday, October 16th**. Can this be scheduled as the first location for the day?

5240 Lankershim Blvd, Suite 200
North Hollywood, 91601

Please feel free to give me a call if there is any issue with this contingency.

Thank you!

Good afternoon All,

I have not received a response regarding this request. While our LAHSA members cannot attend, I would still like to proceed with having our CARE Team in our field office.

Can you please ensure this Contingency location for tomorrow 10/16 is scheduled for 9:00am?

My supervisors and I would like to have a quick check-in with the CD2 CARE Team, as we are now 2 weeks into the new CARE system.

Please respond.

Thank you,

CD2 Priorities for CARE Weeks 3-4

Morgan Sutton <morgan.sutton@lacity.org> Tue, Oct 8, 2019 at 3:41 PM
To: Mayor UHRC <UHRC@lacity.org>

Good afternoon,

October Weeks 3-4 for CD2 are complete!

FYI - Week 4: I have prioritized **4044 Sunswept Dr, 91604**, which is underneath a street that faces a steep hillside. We were told during the last clean up attempts on 8/23/19 that special crews would be necessary for clean up here, but that training had just begun to new crews (i.e. harnesses/hillsides/etc).

There have been fires under this street in the last week, so there is definitely a need for clean up soon.

Feel free to give me a call if there are any issues with servicing that location, or any of our priorities for the CARE Team.

Thank you!

Toiletry Drive on behalf of Survivors for Human Trafficking Awareness Month

1 message

Councilmember Martinez <councilmember.martinez@lacity.org> Mon, Jan 6, 2020 at 5:51 PM

Reply-To: councilmember.martinez@lacity.org
To: all-lacityorg <all-lacity@lacity.org>

Friends,

Today I am launching my annual drive to collect toiletries for survivors of human trafficking.

As many of you know, ending human trafficking in Los Angeles is a top priority for me. The toiletry drive is just one of the ways I try to help survivors and show them my support.

Why toiletries?

Survivors of human trafficking often escape with little more than the clothes they are wearing. For a woman or child who has lost everything, toiletries can provide comfort and help restore a sense of normalcy.

We ask that you **not** donate travel size products for two reasons. One, because they are wasteful and two, because these items can trigger painful memories of being trafficked for the victims.

Through Thursday, February 6, my office is collecting shampoo, soap, hair products, dental products, feminine hygiene items, and more. You can also give gift cards to be used by survivors to purchase their own toiletries.

All items and gift cards will be donated to CAST, Saving Innocence, and Journey Out three L.A.-based organizations that provide wrap-around services and compassionate care to survivors of human trafficking.

For information on what to donate and where to drop off your items, read the flyer below.

This month, I urge you to reach into your hearts and give. Let's stand in solidarity with the victims and survivors of human trafficking, and together, help them heal.

Thank you,

NURY MARTINEZ
Council President
Councilwoman, Sixth Council District
City of Los Angeles

Hello Everyone,

Because we lost a few days of cleanup and had some wet weather we will reassess where we are with Bull Creek. A small group will be meeting tomorrow at 1330 to walk what is left to clean and provide an updated estimate of time and logistics. Updated data will then be provided in order to coordinate any additional dates or logistics to finalize this phase. Thank you to everyone for your continued support and diligence.

I want to make sure you all know how appreciative we are that you were finally able to get rid of the homeless camp on Chase St. & Columbus Ave. in North Hills. The residents feel safe again walking on the sidewalk back and forth to school and the bus stop.

Hi Sue, I apologize but I have been reporting and sending photos of the encampment to UHRC@lacity.org. We have no control as to when they will conduct the clean up. Please send your photos and emails from residents to the same location. Hopefully we can get it cleaned up soon. I have been monitoring activity at the location.

Hello Lorena Bernal, Andres Sandoval & Charles Chacon,
I have been sending emails to you all this month and the last response we heard from was on Oct 9th, from SLO Chacon. What is happening...the encampment is getting bigger. Please let us know when you will permanently remove these people and their junk from our community. Trick or treaters couldn't even go down our street because they were to afraid. Please HELP US!!!!

Hello Lorena Bernal, Andres Sandoval & Charles Chacon,
One of our residents just called me so upset because she saw one on the homeless women in this encampment force open our fence gate and pull her pants down in plain view today and go to the bathroom right there on our property. She said that other people in the building have seen them do this also. This is ridiculous, and we will not stand for this total disregard of our property. Please get rid of these drug addict, alcoholic, mentally ill homeless people that are destroying our neighborhood and our property! We need your help!!!! Please inform us on what you are doing to permanently get rid of this same group of people that are terrorizing our residents from before. The one lady swung her purse at me and hit me when I asked her to move. They steal our electric and water by tapping into our exterior faucets and outlets. They have tied and fastened hazardous items to our fences and use burners to cook their food in a flammable make shift hut that puts our insurance at risk for the building. They verbally harass our residents every day and now they are defecating on our property!!!!! This needs to stop!!!!! What exactly is the process and why is it taking forever. We are a 47 unit condo building and we pay our property taxes to go towards the services of maintaining our community and it doesn't seem as if anyone is doing anything. We are very upset and need answers. **You should be aware that [redacted] Elementary School is just 2 blocks away and several kids have to suffer and walk by this terrorizing homeless camp every week day.**

There is only so much we can take,

Hello Lorena Bernal, Andres Sandoval & Charles Chacon,
We are just following up with you all regarding the homeless encampment...it's still there getting bigger and worse! They now have attached stuff to our fence, besides defecating and loitering on our property. How much longer till you can take action to clean up this nightmare that has taken over our community...AGAIN. It's the same people from before, if I didn't mention that before in my earlier email.

Hello Lorena Bernal, Andres Sandoval & Charles Chacon,
I informed you in September about the homeless moving back in, after you cleared them out earlier this year. No progress has been made...if anything it has gotten worse. Please see the picture below. They are the same group of people terrorizing the neighborhood, drinking and doing drugs at all hours of the day and night. The people are afraid to walk down the street because of their behavior. It is out of control...can you please give us an update on when you will remove them?

The attached photos were seen on Thursday, October 31, 2019, location-Langdon and Nordoff (9022 Langdon Ave.

North Hills, CA 91343). Please have this area cleaned up. Students and parents are walking on the street to avoid the carts/trash on the sidewalk which causes traffic. We don't want any students getting into a T/C because of this.

Hey Lorena,

I have scheduled to appear at the Arleta NC on November 19th. Do you think that would be too late for the NC? On the 15th I have another NC but if I am put on the agenda for Arleta NC for time at 8 pm I can make it.

Let me know what you think.

Sounds good.
How does a conference call for tomorrow look for you.
I am free all day.

As we are moving forward with the Care and Care Plus system, Our office would like to look at potential dates for the next Phase of the Sepulveda Basin. We are looking at Phase 3 which is the Bull Creek Area. The goal is to remove the trash, litter and bulky items in this area.

Our office is looking at the week of October 28th. Please feel free to contact me with any questions or concerns. Thank you

ENERGY, CLIMATE CHANGE, AND ENVIRONMENTAL JUSTICE COMMITTEE REPORT relative to the deployment plan for Homeless Outreach and Proactive Engagement (HOPE) / Clean Street Los Angeles (CSLA) Teams, Designated Livability Teams and supervisors.

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. APPROVE the Bureau of Sanitation's (BOS) proposed deployment plan for Livability Services Teams, as detailed in the BOS report dated June 14, 2019, attached to the Council file.

2. INSTRUCT the BOS to work with any affected Council Office for changes to deployment yards or other efficiencies that may be identified.

3. INSTRUCT the BOS to develop and report in 30 days on strategies and an implementation schedule for:

    a. The Sepulveda Basin, in coordination with Department of Recreation and Parks and the Los Angeles Homeless Service Authority (LAHSA).

    b. Bridges and underpasses of the Pacoima and Tujunga Wash within residential areas such as Arleta and Sun Valley.

    c. Addressing issues associated with recreational vehicles, particularly in the industrial areas of the San Fernando Valley.

4. APPROVE an initial increase in the BOS' General Fund, Appropriation Unit No. 1090, Salaries Overtime Appropriation, in the amount of $900,000; and, RE-APPROPRIATE any uncommitted balance from the General Fund in the BOS' Fiscal Year (FY) 2018-19 (or previous years) budget, in Fund No. 100/82 into BOS' FY 2019-20 Fund No. 100/82, Appropriation Unit No. 1090, Salaries Overtime Appropriation.

5. RESOLVE that the following positions within the BOS are APPROVED and CONFIRMED as follows:

No.	Title	Class Code
18	Environmental Compliance Inspectors	4292
13	Refuse Collection Truck Operators II	3580-2
13	Maintenance Laborers	3112-6
03	Senior Environmental Compliance Inspectors	4293

6. AUTHORIZE the release of $4,785,000 from the Unappropriated Balance (UB) CSLA/HOPE Expansion line item; and, INCREASE the BOS' budget for eleven Livability Services teams in the following Fund No. 100 line items:

Account No.	Title	Amount

1010	Salaries General	$2,311,000
3040	Contractual Services	1,155,000
3090	Field Equipment	726,000
4430	Uniforms	44,000
6010	Office and Admin	66,000
6020	Operating Supplies	473,000

7. AUTHORIZE the release of $990,000 from the UB CSLA/HOPE Expansion line item; and, INCREASE the General City Purposes Clean Streets - Related Costs line item by $990,000 to pay for the use of vehicles and fuel that are front-funded by the BOS' special funds.

8. AUTHORIZE the release of $693,000 from the UB CSLA/HOPE Expansion line item to pay for the indirect costs associated with the positions in Recommendation No. 5 of this report.

9. DIRECT the BOS to enter into agreements for providing mobile hygiene and portable toilet services.

10. INSTRUCT the BOS to provide the Energy, Climate Change, and Environmental Justice Committee with a monthly recap on the progress and effectiveness of this effort, including:

    a. LAHSA and the City Administrative Officer (CAO) Homeless Coordinator's efforts and the relationship and coordination with the BOS' new deployment plan.

    b. The status of filling the 47 positions, and the establishment and deployment of the new teams created (as detailed in Recommendation No. 5 of this report).

    c. The tonnage of waste collected during the July/August/September enhanced deployment efforts.

    d. The tonnage of waste collected by each CARE and CARE-Plus team under the new deployment model proposed.

    e. Review of the conditions of streets and alley ways, including the prioritization of locations in proximity to schools and libraries.

    f. Progress made towards reducing the number and size of encampments, including coordinated efforts with LAHSA for appropriate service provision and support.

    g. Any incidents of physical altercations or injury to City employees.

11. INSTRUCT the BOS to report on the funding or other system changes necessary to bring the backlog of illegal dumping locations to zero and to maintain a rapid response to illegal dumping requests.

12. INSTRUCT the BOS to report on strategies and needs to enforce the perpetrators of illegal dumping, including technology, tracking repeat locations and cross-referencing

dumping investigations with those related to non-compliance with requirements of businesses to provide adequate trash service. The BOS report should include funding or other resources needed to expand or enhance enforcement, including through personnel and/or technology, and any recommendations for strengthening enforcement though increased penalties and/or rewards.

13. AUTHORIZE and APPROVE funding for the BOS to supplement its service by hiring crews with a provider, like Chrysalis, who employs people experiencing or transitioning out of homelessness as an interim measure to address urgent conditions of illegal dumping, particularly in the industrial areas of Downtown.

14. INSTRUCT the BOS to report on protocols for its employees to report illegal dumping sites when responding to other complaints or during normal-service trash collection, and for the Board of Public Works to provide recommendations for training to ensure regular reporting of these locations.

15. AUTHORIZE the BOS to enter into an agreement with a suitable community partner for a one-time engagement to coordinate light cleanup work that would be performed by homeless individuals, to be funded by $150,000 of existing resources; and, INSTRUCT the BOS to vet this engagement through its labor-agreement process.

16. INSTRUCT the BOS to provide a report on its review of the Targeted Local Hire Program, and its applicability to providing light cleanup work similarly to what has been proposed, or any other programs provided by the BOS.

Fiscal Impact Statement: None submitted by the BOS. Neither the CAO nor the Chief Legislative Analyst has completed a financial analysis of this report.

Community Impact Statement: None submitted.

(Homelessness and Poverty, Personnel and Animal Welfare and Budget and Finance Committees waived consideration of the above matter)

SUMMARY

At its special meeting held on June 25, 2019, the Energy, Climate Change, and Environmental Justice Committee considered a BOS report, dated June 14, 2019, relative to the deployment plan for HOPE/CSLA Teams, Designated Livability Teams and supervisors.

During the discussion, representatives from the BOS, Los Angeles Police Department, and CAO answered questions from the Committee members regarding the deployment proposal. The BOS also provided updates on specific questions that were raised at a previous Committee meeting. Some of the updates from staff included the following: the progress on briefing the Council Offices about the deployment proposal; efforts to coordinate with the LAPD on employee protection and safety; a deeper look into the BOS' funding request and clarifications on funding requests; the request to move or relocate a deployment center in Council District 13 from Washington Street to San Fernando Road for a closer proximity from the center to the Council district boundary; and, lastly the feasibility of using public facilities to provide temporary housing.

According to the BOS, progress is visible on all fronts. Most Council Offices were briefed about the deployment proposal; four meetings with Council Offices are still pending. There are efforts to coordinate with the LAPD taking place currently. A representative from the LAPD addressed the Committee and emphasized the Department's readiness to support the BOS on the deployment proposal efforts. Staff addressed additional questions from the Committee members regarding funding requests and explained in more detail the funding sources for the BOS' requests. In addition, the BOS agreed to relocate the deployment center to San Fernando Road in Council district 13 by October 2019. Finally, on the feasibility of using public facilities to provide temporary housing, the BOS stressed their willingness to support any policy decision that the Council makes on the matter.

After providing an opportunity for public comment, the Committee moved to approve the recommendations contained in Motion (Martinez - Rodriguez) as amended, and the BOS report, as amended, as detailed above. This matter is now transmitted to the Council for its consideration.

Respectfully Submitted,

ENERGY, CLIMATE CHANGE, AND ENVIRONMENTAL JUSTICE COMMITTEE

Fwd: Scheduling for Phase 3 of Sepulveda Basin

Let's schedule the Sepulveda Basin - Bull Creek for CARE+ on October 28th. Per the Council Office. We won't schedule the hygiene trailer for the Friday before, for logistical reasons and because the Council Office isn't ready for it yet.

Thanks.

Hello Lorena Bernal, Andres Sandoval & Charles Chacon,

One of our residents just called me so upset because she saw one on the homeless women in this encampment force open our fence gate and pull her pants down in plain view today and go to the bathroom right there on our property. She said that other people in the building have seen them do this also. This is ridiculous, and we will not stand for this total disregard of our property. Please get rid of these drug addict, alcoholic, mentally ill homeless people that are destroying our neighborhood and our property! We need your help!!!! Please inform us on what you are doing to permanently get rid

of this same group of people that are terrorizing our residents from before. The one lady swung her purse at me and hit me when I asked her to move. They steal our electric and water by tapping into our exterior faucets and outlets. They have tied and fastened hazardous items to our fences and use burners to cook their food in a flammable make shift hut that puts our insurance at risk for the building. They verbally harass our residents every day and now they are defecating on our property!!!!! This needs to stop!!!!! What exactly is the process and why is it taking forever. We are a 47 unit condo building and we pay our property taxes to go towards the services of maintaining our community and it doesn't seem as if anyone is doing anything. We are very upset and need answers. **You should be aware that [redacted] Elementary School is just 2 blocks away and several kids have to suffer and walk by this terrorizing homeless camp every week day.**

We are just following up with you all regarding the homeless encampment...it's still there getting bigger and worse! They now have attached stuff to our fence, besides defecating and loitering on our property. Hello Lorena Bernal, Andres Sandoval & Charles Chacon,

I informed you in September about the homeless moving back in, after you cleared them out earlier this year. No progress has been made…if anything it has gotten worse. Please see the picture below. They are the same group of

people terrorizing the neighborhood, drinking and doing drugs at all hours of the day and night. The people are afraid to walk down the street because of their behavior. It is out of control…can you please give us an update on when you will remove them?

Good afternoon Lorena Bernal, Andres Sandoval & Charles Chacon,

Hope you all had a wonderful 4th of July weekend. On our side of town this weekend the squatters started to return. I took a picture so you can see what I am talking about. Can you please send someone by to address the issue before it grows out of control like last time.

Sincerely,

Susan Stanley

Hello,

Please let us know if we can help out in the future.

Best,

AS

The residents in our condo complex at [redacted] and some others from the nearby buildings across the street have voiced how much safer they feel, now that the addicts that were camping outside our building do not live there anymore. We are so happy that our little piece of the "American dream", is no longer being trashed by all the junk, fowl smells and rodents that were a daily nuisance since the homeless encampment went up.

Unified Homelessness Response Center

Confronting the Crisis

The Unified Homelessness Response Center is sharing deployment information for the Comprehensive Cleaning and Rapid Engagement (CARE) Program for November 8, 2019.

The CARE Program provides cleaning, public health and outreach services to neighborhoods and Angelenos experiencing homelessness. Attached please find confirmation sheets for the activities of the City's CARE and CARE+ teams, based on priorities set with every Council Office. All locations are subject to change.

CARE Program deployment is coordinated through collaboration between Council offices and the Unified Homelessness Response Center. The UHRC is always striving to improve collaboration and communication. Please contact the UHRC for coordination, support or emergencies related to unsheltered homelessness in the City of Los Angeles.

UHRC Hours of Operation:
Monday-Friday
0600 - 1700 hrs

UHRC Contact Information:
Phone: 213.484.4855

Here is another example from our discussion on Friday.This is the 9269 Stanwin Ave, 91331 location.
We understand that the Care team can not go under the bridges. However the bulky item and trash can be taken care of.
Attached are pictures.
Please feel free to contact me with any questions or concerns.
Thank you

Unified Homelessness Response Center
Confronting the Crisis

The Unified Homelessness Response Center is sharing deployment information for the Comprehensive Cleaning and Rapid Engagement (CARE) Program for November 14, 2019.

The CARE Program provides cleaning, public health and outreach services to neighborhoods and Angelenos experiencing homelessness. Attached please find confirmation sheets for the activities of the City's CARE and CARE+ teams, based on priorities set with every Council Office. All locations are subject to change.

CARE Program deployment is coordinated through collaboration between Council offices and the Unified Homelessness Response Center. The UHRC is always striving to improve collaboration and communication. Please contact the UHRC for coordination, support or emergencies related to unsheltered homelessness in the City of Los Angeles.

Adding Chief Wong. Howard, was there a reason the team didn't address these items? Just want to make sure there wasn't a jurisdiction issue.

Hi Marcos,

Thanks for providing the photographs.

Based on the photographs, this bridge is located at 13116 Wentworth Street / Cross Street Stanwin. This area is approximately 1/2 mile from the CARE 6 Team, 11/14 Confirmation Sheet, L
location address of 9269 Stanwin Ave, 91331. The Wentworth Street bridge was scheduled on the 11/14 confirmation sheet.

I have included our LASAN Solids Supervisor and Senior ECI on this email chain to conduct a follow up on the location to remove trash / debris and health hazards in the areas owned and n
the City of LA and where there are no safety issues. The adjacent street areas off Wentworth / Pacoima wash is owned by various private property owners. Refer to photograph attachment
easement and Private property information.

Navigate LA: 13116 Wentworth Street, color areas are City of LA public right-of-way which includes the bridge structure, and adjoining property to the fence lines. The Pacoima Wash and se
owned and maintained by LA County Flood Control, grey shaded areas are other private properties:

Hi Howard,

Please see attached maps of 11/14/2019 confirmed UHRC locations and locations reported by CD 6 staff.

On 11/14/2019
CARE 206 completed all locations to the best of their abilities. The pictures reported by CD 6 staff/personnel to UHRC and directed to you were way out of "line of sight" of the team; had T & D in fenced off areas out of City's jurisdiction; or too inclined above ground level for safely processing and risk for fall safety concern.

Below is my record of radio call outs for CARE 206 on 11/14/2019:

CARE 206 - 11.14.2019

	Confirmed location(s)	Code 6	Clear	PIMS Resolution report

Hello Everyone,

Because we lost a few days of cleanup and had some wet weather we will reassess where we are with Bull Creek. A small group will be meeting tomorrow at 1330 to walk what is left to clean and provide an updated estimate of time and logistics. Updated data will then be provided in order to coordinate any additional dates or logistics to finalize this phase. Thank you to everyone for your continued support and diligence.

Hi Lorena and Marcos,

Hope this email finds you well! I was taking a quick look at CD6's web map for your CARE team's priority locations, and noticed that it looks like you may not have had the opportunity yet to input your priority sites just yet. I wanted to reach out to make sure that you have everything that you need to use the system and feel comfortable with it, so a few notes to that end:

Tomorrow morning at 9am we are hosting a webinar for Council Offices to walk through how the new calendar system works. You should already have the invite and details to log in.

If that time isn't convenient for you, we will be recording the webinar for you to watch at a more convenient time. And, I am also available for one on one help for you or your office to walk you through this system. So please just let me know whichever of those options works best for you.

Thank you!
Jamie

SUBJECT: LA SANITATION AND ENVIRONMENT - REQUEST FOR MOBILE HYGIENE SERVICES AND ADDITIONAL OVERTIME FUNDING FOR LIVABILITY SERVICES DIVISION – CARE PROGRAM

INTRODUCTION

This document is submitted as a follow-up report to the discussion held on August 20, 2019 at the Energy, Climate Change and Environmental Justice committee hearing. During the committee hearing, LA Sanitation and Environment provided a verbal update relative to Livability Services efforts including Clean Streets LA (CSLA)/Homeless Outreach and Proactive Engagement (HOPE) enhanced deployment efforts, transition to new deployment models and other efforts related to illegal dumping, under the Comprehensive Cleaning and Rapid Engagement (CARE) Program.

On June 25, 2019, the City Council approved and authorized the Recommendations detailed in the June 14, 2019 LA Sanitation and Environment (LASAN) report, Three Budget & Finance Questions Regarding a Deployment Plan for HOPE/CSLA Teams, Designated Livability Teams, and Supervisors in the FY 2019-2020 Budget. These Recommendations presented a comprehensive approach designed to address the growing public health and environmental concerns related to homeless encampments and illegal dumping in the City of Los Angeles.

By authorizing this new regional deployment plan that leverages the increased number of Livability Service Teams in the FY 2019-2020 budget and provides a platform for a public health infrastructure, the City will be better able to tackle the sanitation and livability needs of unsheltered residents as well as those of the surrounding communities at large.

Among numerous efforts to prepare for an October 1, 2019 launch of the new deployment plan, and pursuant to various City Council Instructions, LASAN has:

1) Utilized approved overtime staff funding for collection of illegal dumped items. Metrics available thus far demonstrate that LASAN collected twice the amount of illegally dumped items in July 2019 compared with the same month of the previous year.
2) Coordinated with LASAN's colleagues in the Unified Homelessness Response Center (UHRC), and the City Administrative Officer (CAO) to identify funding for, and purchase of mobile hygiene centers.

SUMMARY OF RECOMMENDATIONS

That the City Council

1. Approve the addition of 13 resolution authorities within LASAN for Maintenance Laborers (3112-6) and increase LASAN's Fund 100 1010 Salaries General budget by $531,712 for staffing of mobile hygiene units.
2. Increase LASAN's fund 100 3090 Field Equipment budget by $112,992 for the rental of vehicles for the transportation of mobile hygiene units.
3. Direct the City Administrative Officer (CAO) to work with LASAN to identify additional funding for contractual services for the operation of the Hygiene Centers by a Non-Profit Community Benefit Organization.)
4. Approve $750,000 for overtime to continue the enhanced services and cover any contingency costs for prepping for the launch of the CARE program.

A more detailed examination of these recommendations follows.

RECOMMENDATIONS

Mobile Hygiene Unit

As laid out in the June 14, 2019 report, the provision of mobile hygiene services to the unsheltered population is part of the new Comprehensive Cleaning and Rapid Engagement (CARE+) deployment model. LASAN is targeting the launch of the first unit of the Mobile Hygiene Unit program as it begins regional deployment of the new CARE and CARE+ Teams starting October 1, 2019. These Mobile Hygiene Units will include three (3) showers and three (3) restrooms, one of which will be ADA compliant. The Livability Services Division (LSD) expects to take possession of the first unit in late September with the goal of having this unit available for use prior to the October 1, 2019 launch of the CARE/CARE+ program. Five (5) additional mobile hygiene units are expected to arrive in November 2019, and an additional seven (7) units by February 2020. LASAN has worked closely with the CAO and the Mayor's Budget team to identify MICLA funding to cover the cost of the trailers.

In order to facilitate the deployment of the Mobile Hygiene Center pilot, LSD has identified the need for 13 additional Maintenance Laborers to assist in towing and hook-ups of the trailers, and the need for an experienced third party contractor to provide engagement support with the unsheltered population.

The responsibilities of the maintenance laborer will include, but are not limited to the following:

- Driving the Mobile Hygiene Unit from an LASAN facility to various CARE+ comprehensive cleanup locations throughout the city.
- Towing the Mobile Hygiene Center behind a pick-up truck vehicle.
- Making the Mobile Hygiene Center available for use by contractual staff during a CARE+ comprehensive cleanup. That may include:
- Connecting/Disconnecting to a sewer discharge point for the discharge of wastewater
- Connecting/Disconnecting to a LAFD Fire Hydrant for potable water access
- Making the Mobile Hygiene Center ready for travel at the end of operations
- Returning the Mobile Hygiene Center to an LASAN facility
- Discharging any residual wastewater not already discharged during daily CARE+ comprehensive cleanup operations
- Ensuring that the vehicle and the Mobile Hygiene Center are in good working order free of mechanical defects or needing repairs.

LASAN is currently under discussions with the existing Board of Public Works Pit Stop contract staff to provide those additional services not provided by LASAN staff. Those services include, but are not limited to:

- Engagement and additional services to the unsheltered population at any CARE+ comprehensive cleanup where the Mobile Hygiene Center is deployed.
- Provide hygiene services to unsheltered population.
- Inspect, clean and make available for use, restrooms, showers and laundry services to unsheltered population.
- Cleaning and daily set-up of the portable public restroom facilities at each of the bathrooms. Cleaning tasks are to be monitored using a set task and Cleaning Supplies List
- Ensure safe usage of the each bathroom by members of the public;
- Enforce courtesy rules and report any damage or misuse of the bathrooms to the City;
- Secure the bathrooms in the event that any of them become unusable due to damage or vandalism;
- Possibly manage the collection of waste (needles, trash, and hazardous waste) at any CARE+ comprehensive cleanup locations;
- Providing bathroom attendants to serve as an "Ambassador" and assist the needs of the public, such as, but not limited to, answering questions, providing directions, etc. in a respectful and professional manner; and
- Provide hygiene amenities such as shampoo, soap, towels, etc.

In order to fulfill this services-led approach in a timely manner, LASAN is requesting an appropriation of $644,704 to quickly acquire the necessary staff to operate, service and maintain, as well as connect the Mobile Hygiene Units to any necessary water, sewer or additional utility connections as necessary.

13 Maintenance Laborers (3112-6) $531,712
13 Tow Trucks (Rental) $112,992

This appropriation ensures that each Mobile Hygiene Unit will have sufficient staff and equipment necessary to operate smoothly and efficiently for the immediate future. For the first unit launching in October, LASAN is utilizing existing personnel to cover the initial operation but requires dedicated staff to effectively manage the program. To cover this unit and the five (5) additional units set to arrive in November 2019, LASAN has requested 9 months funding to cover staff and equipment. In addition, LASAN is requesting 6 months funding for the latter seven (7) units expected to arrive in February 2020. The total cost of consultant services and supplies for these 13 units amounts to the $1.7M requested. Proposed staffing for Maintenance Laborers whom in effect will be Wastewater Workers I – in training as the intent is for them to eventually transition to WWII in other areas of LASAN.

Overtime Funding for Extended Services

In June 14, 2019, LASAN requested $1,438,624 to cover overtime for expanding services citywide. This appropriation was a result of the need for extended services to be deployed while LASAN continued to provide a higher level of service for illegal dumping collection citywide. LASAN began a hiring drive to be fully deployed for the new CARE/CARE+ teams set to start operations October 1, 2019.

On July 3, 2019 the City Council approved Council File 19-0600-S89; amending motion 51B was approved for partial funding of $746,580.64 with the request to return for the remainder. This amount allowed LASAN to continue the enhanced deployment of the livability teams for the first three months (July, August, September) of Fiscal Year 2019-20 until the new teams are deployed.

The method for determining staff deployment was analysis of historic CleanStat data as well as Service Request (SR) data. This allowed LASAN to determine high need locations experiencing chronic illegal dumping. The results of the enhanced services produced twice the tonnage in July 2019 compared to that in the same month the prior year.

July 2018 Illegal Dumping Tonnage: 758.12 tons
July 2019 Illegal Dumping Tonnage: 1,533.09 tons

The tonnage of abandoned wasted removed citywide through this proactive work has effectively doubled our tonnage. LSD produced 1,600 proactive service requests, which reflects work completed by LASAN that was not reported through the MyLA311 Service Request platforms.

As of August 31, $581,289 has been expended. Based on this expenditure rate, the approved funding for this enhanced service will be exhausted prior to the October 1 CARE launch and there will be no overtime available for the rest of the fiscal year. LASAN is requesting additional Salaries - Overtime appropriation of $750,000 to have as a contingency for the remaining of the fiscal year for emergency response and additional services when the situation requires it. Requests for illegal dumping occur after normal operating hours and on weekends that require an immediate response for service and the overtime funding will allow LASAN the flexibility to promptly respond to these requests from each of the five (5) regional deployment sites.

Furthermore, scheduled service days frequently go beyond the 8 hour normal day due to unexpected complexities. LASAN makes every effort to complete a service day on the scheduled day to avoid the costs of remobilizing the teams for a second day.

STATUS OF FINANCING

The total funding for this project is not to exceed $1,394,704 from the General Fund. The CAO will work with LASAN to identify the specific source of funds.

BUDGET & FINANCE

LA Sanitation and Environment (LASAN) provides services to ensure the health and safety of our residents, communities, and the environment. Critical services include collection and recycling of solid resources materials for residential customers and City departments and collection, treatment and recycling of wastewater to produce recycled water.

Based on analysis of current payroll records LASAN has determined that the Overtime Salaries Account does not contain an adequate balance to meet payroll for FY 2019-20. While a transfer of funds to meet this need is anticipated in the CAO's 2019-20 First Year Financial Status Report, the timing of that report will not meet LASAN's immediate payroll needs. Staff shortage and additional workload have necessitated the use of overtime and as-needed employees. The current salary savings within LASAN's Salaries General Account is sufficient to fully cover this transfer. The three special funds shown are the Sewer Operations and Maintenance Fund (SCMO), Solid Waste Resources Revenue Fund (SWRF), and Citywide Recycling Trust Fund (CRTF).

I THEREFORE MOVE that the City Council, subject to the approval of the Mayor, authorize the Controller to transfer funds within Fund 100/82 Bureau of Sanitation as follows:

Account No.	Account Name	Amount	
From:	001010 (SCMO)	Salaries, General	$3,000,000
To:	001070 (SCMO)	Salaries, As-Needed	$1,000,000
	001090 (SCMO)	Salaries, Overtime	$2,000,000
			$3,000,000
From:	001010 (SWRF)	Salaries, General	$3,000,000
To:	001070 (SWRF)	Salaries, As-Needed	$1,000,000
	001090 (SWRF)	Salaries, Overtime	$2,000,000
			$3,000,000
From:	001010 (CRTF)	Salaries, General	$1,600,000
To:	001090 (CRTF)	Salaries, Overtime	$1,100,000
	001070 (CRTF)	Salaries, As-Needed	$ 500,000
			$1,600,000

I FURTHER MOVE that, inasmuch as pension payments have already been made for the current year, special fund reimbursement for pension contributions associated with the above salary amounts will be received as budgeted in the current fiscal year and will not be eligible for true-up in future fiscal years.

TRANSMITTAL: REQUEST FOR AUTHORITY TO ALLOCATE FUNDING FOR EMERGENCY RENTERS RELIEF PROGRAM AND AMEND EXISTING CONTRACT WITH THE SOUTHERN CALIFORNIA HOUSING RIGHTS CENTER

SUMMARY

The Mayor and General Manager of the Los Angeles Housing + Community Investment Department (HCIDLA) respectfully request that the City Council approve the recommendations in this report, in response to a motion by Councilmembers Nury Martinez and Herb J. Wesson, Jr. (Council File 19-1239), instructing HCIDLA to report back on the status of a robust eviction prevention program and make recommendations on how the City could expand prevention efforts, such as the creation of an emergency rent relief program. Through this transmittal, HCIDLA seeks approval, and requests authority to allocate $3,000,000 for an Emergency Renters Relief program which would provide a temporary rent subsidy to renters who receive rent increases greater than 9% in the period between March 15, 2019 and December 31, 2019. The subsidy will be available to tenants and families with incomes at or below 80% of Area Median Income (AMI), depending on household size. The subsidy would be a grant paid directly to the tenants for up to three months' rent payments through December 31, 2019, if their rent has been increased greater than 9% since March 15, 2019.

RECOMMENDATIONS

I. That the City Council, subject to the approval of the Mayor:

1. AUTHORIZE the General Manager of HCIDLA, or designee, to provide program oversight to implement the Emergency Renters Relief Program and conduct a public outreach campaign to inform City residents about the availability of this program to prevent displacement due to exorbitant rent increases in advance of the January 1, 2020 effective date of the *Tenant Protections Act of 2019*;

2. AUTHORIZE the General Manager of HCIDLA, or designee, to execute a contract amendment with the Southern California Housing Rights Center (Contract number C-134129) to:

   a. increase the authorized contract in an amount not to exceed $3,000,000; and

   b. amend the contract scope of services to include the administration of the Emergency Renters Relief program through December 31, 2019, subject to the approval of the City Attorney as to form.

3. INSTRUCT the Chief Legislative Analyst (CLA) and the City Administrative Officer (CAO) to identify funding source(s) for the Emergency Renters Relief Program and necessary Controller instructions to effectuate the appropriation and transfer of funds to HCIDLA.

BACKGROUND

On October 8, 2019, Governor Newsom signed historic legislation in Assembly Bill 1482, the *Tenant Protections Act of 2019*, designed to address a key cause of our state's affordable housing crisis by preventing rent gouging and arbitrary evictions. The *Tenant Protections Act of 2019* becomes effective on January 1, 2020, establishing the strongest statewide law in the country to protect renters in non-rent stabilized housing.

Following the passage of AB 1482, the Los Angeles City Council acted swiftly to stem a surge of arbitrary, no-fault evictions as a number of landlords threatened to or actually served tenants with eviction notices in advance of the implementation of the new law. Ordinance No. 186,340 was approved by the City Council and signed by the Mayor on October 22, 2019, taking effect on October 24, 2019. The ordinance protects tenants in approximately 138,000 non-rent stabilized buildings that will be covered by the *Tenant Protections Act of 2019*.

On October 15, 2019, the City Council approved a motion by Councilmembers Nury Martinez and Herb J. Wesson, Jr. (Council File 19-1239) instructing HCIDLA to report back on the status of a robust eviction prevention program. Councilmember Martinez further instructed HCIDLA and the City Attorney to examine the feasibility of adopting a moratorium on exorbitant rent increases designed to force tenants out for non-payment of rent, another tactic used by landlords to evade the limitations on rent increases under AB 1482. However, the City Attorney has advised that the provisions of existing state law (the Costa Hawkins Act) prevent the City from enacting controls on rents on properties not already subject to the Rent Stabilization Ordinance (RSO).

Therefore, Councilwoman Martinez requested HCIDLA to prepare recommendations and a program design for an Emergency Renters Relief program to assist renters facing exorbitant rent increases before the *Tenant Protections Act of 2019* takes effect on January 1, 2020. At that time, under the provisions of

the *Tenant Protections Act of 2019,* rents must be rolled back to no more than the rent levels charged on March 15, 2019, plus 5% above the Consumer Price Index (CPI). In Los Angeles, that would be 9%.

A majority (58%) of renters are rent-burdened, paying over 30% of their income for rent, while about one-third are severely rent-burdened, paying over 50% of their income for rent. In view of the existing humanitarian crisis of homelessness in the City of Los Angeles, where 60% of the City's residents rent their homes, approval of an emergency rental assistance program to prevent evictions for non-payment of rent could prevent massive displacement of renters, especially lower-income renters. Approximately 76% of multi-family units in the City are covered by the Rent Stabilization Ordinance (RSO), which protects renters against extraordinary rent increases and arbitrary evictions, but there are currently no renter protections for approximately 138,000 households in the City that will be covered by the new law on January 1, 2020. Forced relocation and economic displacement impact tenants' housing stability, both short and long-term, as well as the stability of our communities. Households who are evicted are more likely to be forced to accept substandard housing and to relocate to neighborhoods further from their jobs, schools, customary services, and communities.

Gentrification and rising rents provide an incentive to landlords to evict long-term, lower-income tenants, in order to raise rents and attract wealthier tenants, particularly in advance of January 1, 2020, in order to avoid the limitations on rent-gouging afforded to renters under the new law. Tenants and housing advocates are reporting an increase in notices of excessive rent increases by landlords in order to encourage tenants to 'voluntarily' move out. Therefore, it is imperative that the City implement new strategies to keep people housed. The creation and funding of an Emergency Renters Relief program is a critical strategy to prevent displacement of renters and families by providing a temporary subsidy to prevent evictions for non-payment of rent.

Emergency Renters Relief Framework

The Emergency Renters Relief program would provide a temporary rent subsidy to renters who receive rent increases greater than 9% in the period between March 15, 2019 and December 31, 2019. The subsidy will be available to tenants and families with incomes at or below 80% of Area Median Income (AMI), depending on household size. The subsidy would be a grant paid directly to the tenants for up to three months' rent payments through December 31, 2019, if their rent has been increased greater than 9% since March 15, 2019. Per the requirements of AB 1482, effective January 1, 2020, rents must be rolled back to the rent amount effective on March 15, 2019, plus CPI plus 5% (= 9%). Tenants will be able to utilize their grant to either pay rent or utilize it for relocation purposes if they prefer to move out of their rental unit.

This program will be available to tenants who meet the income criteria and are renters of units covered by AB 1482 on January 1, 2020. Under state law, rent increases of greater than 10% require a 60-day notice. Inquiries and referrals to HCIDLA and public officials noting a trend in notifications of large rent increases generally began in late September and escalated with the Governor's signature of the legislation on October 8, 2019, as noted by public testimony. Since rent increases of 10% or more require a 60-day notice and many of these increases are predicated on the avoidance of rent limitations imposed by AB 1482 on January 1, 2020, it is expected that most affected tenants will need a rent subsidy for two or three months at most.

Based on estimates and likely scenarios developed in anticipation of this emergency program (attached), we estimate that for every $1 million, approximately 250 to 400 families could be assisted.

A public outreach campaign will be launched immediately and information will be available through HCIDLA's Hotline, internet website and social media, five HCIDLA regional offices, 16 FamilySource Centers (FSC's) and the City's Multipurpose Senior Centers (MSC's). Applications will be accepted at selected FSC's and MSC's, which will conduct program intake, including determination of eligibility in coordination with HCIDLA, documentation of income, proof of residence and determination of the appropriate rent subsidy/grant.

If approved for assistance, the payment request will be forwarded to the Southern California Housing Rights Center (HRC), which will issue a check payment payable to the tenant. A centralized agency responsible for coordination of payments is recommended in order to expedite the implementation of this emergency program. HCIDLA has recently executed a contract with the HRC (Contract Number C-134129), effective July 1, 2019 through June 30, 2020, with a Scope of Work that can be utilized to provide these services. HRC is charged with providing citywide fair housing services to existing and prospective City residents, including investigating housing discrimination complaints, counseling victims of housing discrimination, researching housing discrimination in Los Angeles, special projects, conducting outreach and education programs to inform City residents and housing industry groups of their rights and responsibilities related to fair housing, and providing other related services. The Fair Housing Services contract is currently supported by Community Development Block Grant (CDBG) funds and the Rent Trust Fund. However, the proposed emergency rental assistance program cannot be supported by these funding sources. The CLA is requested to identify a funding source for the contract amendment.

FISCAL IMPACT STATEMENT

Funding for the Emergency Renters Relief Program must be identified and allocated for these services.
